interventions with people
living with neurocognitive
disorders (3 hrs)

3

Animate their living environ-
ment & prevent Behavioral
and Psychological Symptoms
of Dementia (BPSD) (3 hrs)

Conference dedicated to
residents and their families:
Feeling at home in my
residence (1.5 hr).

Thanks to this training,
more than **5,000** healthcare
professionals are now
providing adapted services to
over **14,000** residents living
with neurocognitive disorders.
Be part of the change!
